Information about the service

What is the service?

This Business NBN service is designed for customers that require a simple high-speed broadband service. Availability will depend on location. This service provides typical evening download speeds of 20 Mbps for fixed line services.

Where is it available?

The service is available to any premises connected to the following NBN delivery technologies: Fixed Wireless, FTTP, FTTB, FTTN, FTTC and HFC.

nbn250 is only available on POIs with 1Gbps of bandwidth provisioned (FTTP only)

nbn500 and nbn1000 are only available on POIs with 2Gbps of bandwidth provisioned (FTTP only)

What do I need to access the service?

Where applicable, NBN Co will need to install equipment on the outside and inside (near a power point) of your premises.

You will also need an NBN-ready modem/router (see “equipment fees” on next page).

FTTC customers only will also need an NBN network connection device provided free of charge by NBN Co.

What is included?

Features of this service include:

- No excess usage
- Static IP and Reverse DNS
- Priority ticket handling from our support team

Minimum Term

The service is supplied on a no lock-in contract (customers are permitted to terminate the service by giving 30 days notice).

Do I have to bundle anything with the service?

Bundling is not compulsory. You can opt to bundle your business phone lines or any of our bolt-on features like 4G backup, additional IP addresses, and monthly-charged enterprise grade router options.

Support packs are also available offering 24hr support and up to a 99.95% uptime guarantee. Support packs range from \$50.00 p/m to \$270.00 p/m.
